

## District Strategic Plan Technology March 17<sup>th</sup>, 2016

**Committee Chairs: John Milewski**

**Committee members: Michael Beach, Dave Erbes, Joel Manion, Amy Miles**

**Strategic Goal Statement:** All district technology will be functional and able to provide an environment conducive to a positive learning environment.

### Accomplishments over the past year:

- ✓ Purchase of 32 refurbished desktops for Jr/Sr Lab replacement. This started the process of renewing the existing devices from the 2006 bond using TRIG funds for FY16, funds for FY17 are *not* expected
- ✓ Replacement of Content Filter, allowing increased bandwidth and mobile filtering
- ✓ Replacement of network switches to a managed switch capable of traffic management (telephones & devices)
- ✓ Successful Technology PD Day February 2016, focus was on iPad-centric enhancing use for staff in their classrooms
- ✓ Attended MI Skyward Users Group conference November 2015 with building support staff
- ✓ Evaluated and selected new webserver software, preparations for new build are in progress

### Plans for the 2016-2017 school year:

- Continue replacement of lab PCs from 2006 Bond, Funding streams will vary as TRIG funds will no longer be available
- Consolidate the firewall and intrusion detection systems, allowing local staff the capacity to make necessary changes
- Offer additional training opportunities to students and staff on current devices
- Provide on-going Student Information System & Electronic Gradebook training for staff
- Assess need and feasibility of technology/instructional coach
- Implement Skylert Notification system in connection with Community Relations group
